

Surya Teja Chatrathi

Flat No:7E, Block-1, Neelkamal Apartment's, Chennai, 603103.

Mob.No: 9059272153

Email: surya-teja.chatrathi@soprasteria.com

A result-oriented professional with two year of progressive work experience in cloud with an exposure to DevOps Project Implementation.

SKILLS

- **Cloud:** Azure
- **DevOps Tools:** Terraform, Azure DevOps, ARM Templates, Git.
- **Scripting:** Python, PowerShell, Azure CLI.
- **Operating System:** Linux, Windows.

SIGNIFICANT EXPERIENCES

NTIS:

- Implemented Azure infrastructure using ARM templates, ensuring high availability and scalability.
- Demonstrated expertise in GitHub repositories, adeptly implementing advanced branching strategies and industry best practices to uphold superior code quality and streamline version control management processes.
- Demonstrated expertise in Infrastructure Automation utilizing Terraform, ARM templates, and PowerShell scripting, ensuring seamless scalability, high reliability, and optimal cost-effectiveness.
- Proficient in a wide range of Azure Cloud Services including Virtual Machines, Virtual Networks (VNet), VM Scale Sets (VMSS), Azure Key Vault, Web Apps, Load Balancer, Application Gateway, Azure AD, Azure SQL Database, VPN Gateway, Azure Storage, Azure DNS, Stream Analytics, and Private Endpoint configurations.
- Implemented sophisticated traffic routing mechanisms via firewalls to bolster overall security measures and enforce strict adherence to predefined policies and filtering rules.
- Proficiently managed Azure Active Directory (Azure AD), overseeing user and group administration tasks to ensure streamlined access management and authentication across various Azure services and resources.

Previous Experience:

- Implemented and managed the infrastructure using Azure and Terraform.
- Worked with development teams to improve the software development lifecycle by implementing CI/CD pipelines using Azure DevOps.
- Developed scripts using Python to automate deployment and other tasks.
- Experienced in setting up end-to-end CI/CD pipelines using Azure DevOps, streamlining application deployment, and improving development productivity.

CERTIFICATIONS

- Databricks Accredited Generative AI Fundamentals. (Expires May 2026)
- Microsoft Certified: Az-400 – Azure DevOps Expert. (Expires Jan 2025)
- HashiCorp Certified: Terraform Associate (003) (Expires Jun 2025)
- Microsoft Certified: Az-204 – Azure Developer Associate. (Expires Jan 2025)
- Microsoft Certified: Az-900 – Azure Fundamentals.
- DevOps Practitioner course completed.

QUALIFICATION

B.Tech : Anurag Engineering College, Kodad(CGPA:7.54)

Higher Secondary: Sri Chaitanya Junior College, Khammam (96.8%)

Secondary: Jawahar D.A.V Public School, Jaggayapeta(CGPA:9.4)
